

SHAKESPEARE JUBILEE  
IS BEING PLANNEDPercival Chubb Addresses Wash-  
ingtonians Interested in Tercen-  
tennial Celebration.

Persons interested in the tercentennial celebration to be held next year in connection with the anniversary of the death of Shakespeare held a meeting last night at the Public Library, at which Percival Chubb of St. Louis delivered an address declaring the American people are bankrupt of folk art and that they need some definite form for the expression of popular rejoicing. Mr. Chubb said that the Shakespeare celebration will afford an opportunity for the development of the folk song and dance.

Dr. George F. Bowerman, librarian of the Public Library, presided at the meeting. It is intended to hold a celebration in Washington at the time of the tercentennial, and among those who spoke in support of the idea were: J. P. S. Neleigh, of Neighborhood House; Rev. Dr. Earle Willey, pastor of Vermont Avenue Christian Church; Prof. William Allen Wilbur, dean of Columbian College; and the George Washington University.

## ALEXANDRIA AFFAIRS

Appointment of Lumber In-  
spector Postponed.

MINOR BUSINESS ACTED ON

Masonic Memorial Association  
Elects Officers—Mrs. Triplett  
Buried Today.

Special Correspondence of The Star.

ALEXANDRIA, Va., February 24.—City council at its meeting last night postponed action until the next meeting on the ordinance providing for a lumber inspector for the city.

The joint committee on streets, finance and general laws reported adversely on the application of Joseph M. Armstrong to be compensated in the sum of \$287.50 for damages done while paving in his cellar in November by backing up of water from King street sewer as a result of it being stopped up. The report was adopted.

Members of the fire committee, composed of Messrs. Desmond, Harrison and Leadbeater, were named by President Smith to confer with the committee appointed from other bodies to meet the engineers of the national board of fire underwriters to discuss better fire protection for Alexandria, and President Field of the aldermen named Messrs. Robinson and Summers, also of the fire committee, from that board.

The sum of \$218.50 was appropriated for purchase of an adding machine for city hall building and \$200 for construction of a sewer on Wolfe street between Columbus and Washington streets.

Petitions Disposed Of.  
Petition of Miss Rose M. MacDonald for \$250 to be used for purchasing supplies and medicine for poor of the city was referred to the finance and poor committee.

An adverse report was made by the committee on petition of W. M. King for a building at southwest corner of King and West streets. Petition of D. E. Rayless to erect terra cotta house on Hamilton street between Washington and Columbus streets was granted. Texas Oil Company was granted permission to erect tank at corner of Wolfe and Union streets to hold 15,000 gallons of oil.

Petition of A. D. Brockett to erect garage at 218 North Washington street granted and also petition of J. B. Arnold for improvements at 222 North Patrick street. Petition of J. R. Mansfield to be reimbursed for paving at 104 North Pitt street denied. The sum of \$50 was appropriated for catch basin at Duke and Henry streets.

City Sergt. R. H. Cox left for the asylum at Staunton, Va., this afternoon to convey C. Jones Rixey, former head of the defunct Virginia Safe Deposit and Trust Corporation of this city, to the Asylum for the Criminal Insane, at Marion, Va., where Rixey is destined to spend the remainder of his days. The accused banker escaped a trial in connection with the collapse of the concern by being declared of unsound mind.

Sentenced for Chicken Theft.

Three months each in jail was the sentence imposed in the police court today in the cases of Arthur Harrington and Clyde Sullivan, charged with stealing eight chickens from Mrs. May Lyles, 215 South Fayette street. The theft occurred February 13, and the men were arrested a short time afterward by Policeman Holland. They told conflicting statements in the police court today.

Before adjourning yesterday afternoon, the George Washington Masonic National Memorial Association elected these officers: Gen. Thomas J. Shrock, president; Maryland; James R. Lamberon, first vice president, Pennsylvania; James R. Johnson, second vice president, South Carolina; James E. Dillon, third vice president, Michigan; George L. Schoonover, fourth vice president, Iowa; Lawrence H. Lee, secretary, Alabama; John H. Cowles, treasurer, Kentucky.

In the corporation court yesterday Frederick P. Russell, commissioner in chancery, filed his report in the case of Nellie V. Ramey against the News Publishing Company, Inc. and others. The body of Mrs. Cecile Monroe Taliaferro Triplett, wife of George B. Triplett, who died in 1908, was buried in the county, was brought here this afternoon and buried in Ivy Hill cemetery. Services were conducted by Rev. Dr. S. A. Wallis of the Episcopal Theological Seminary.

An adjourned meeting of the board of police commissioners will be held at 7:30 o'clock tonight.

In the corporation court today Charles E. Jones was appointed administrator of the estate of Bettie K. Jones, deceased.

Miss Rose Clark Resigns.

Prof. Willis B. Burdette, county superintendent of public schools, has announced the resignation of Miss Rose Clark as assistant teacher at the grammar school at Woodside.

Miss Katherine E. Baker, daughter of the late Andrew Hull Baker, died Monday at her home near Germantown, this county, following a long illness of a complication of diseases. She was sister of D. W. Baker, a Washington, D. C., attorney and also leaves another brother and two sisters. The funeral took place at 10 o'clock this morning from St. Rose Catholic Church at Clarksburg, the pastor, Rev. George B. Harrington, conducting the services. Burial was in the cemetery near the church.

GERMANY GIVES PLEDGE  
FOR WILHELMINA CARGOAgrees Not to Seize for Army Any  
Part of Foodstuffs Aboard  
Vessel.

LONDON, February 24, 2:50 p.m.—W. L. Brookings, a member of the firm of W. L. Green &amp; Co., commission merchants of St. Louis, and owners of the cargo on board the American ship Wilhelmina, reached London today from Berlin, having in his possession a declaration from the German foreign office signed by Gottlieb von Jagow, the foreign minister, and attested by James W. Gerard, the American ambassador to Germany, which pledges the German government not to assume control of the cargo of the Wilhelmina nor of any other vessels arriving from America.

This declaration says that such cargoes may be sold on the open market and that they will not be used by the army or the navy.

Before Prize Court Soon.  
The case of the Wilhelmina is soon to come before a British prize court. She was loaded with a cargo of food products in New York and started for a German port. She was gathered in by the British marine authorities and a disposal of her cargo is being watched with much interest.

In support of the contention that the German conservatory regulations do not apply to imported goods, Mr. Brookings said today that Roumanian grains had been freely dealt in since the beginning of the war and that at all times the prices on them had ranged much higher than the maximum prices for home-grown grains, in some cases nearly double.

Mr. Brookings says that some anti-American sentiment has been shown in Germany over the large exportation of arms and ammunition to Great Britain from America.

Realize Trade Is Legal.  
"However," said Mr. Brookings, "well informed Germans fully realize that there is no illegality in this. Still, they are anxious to see what stand the American government will take relative to the exportation of foodstuffs to Germany, whether the United States will insist upon its legal rights when this favors Germany."

Capt. Brewer of the Wilhelmina and A. W. Hays, attorney for the owners of the cargo, called on Ambassador Page today and discussed the status of the cargo, which is now actually in the possession of a prize court. The date for the hearings before this court has not been fixed.

EXPECTS IMPROVEMENT  
IN BELGIAN CONDITIONS

Ex-Representative Scott Thinks Most  
Distressing Stage of Des-  
tination Passed.

NEW YORK, February 24.—Destruction in Belgium has now passed its most distressing stage, and conditions are expected to improve steadily if contributions of food continue as heavy as in the past, in the opinion of former Representative Charles F. Scott of Kansas, who has arrived here from Liverpool.

Mr. Scott went to Europe early in January to supervise the distribution of a cargo of foodstuffs sent by his state on the steamship Hannah. He said the Belgians were giving every assistance to the American commission. Branch relief committees have been appointed in every district, and only those who are entitled to relief are beneficiaries. He also said that the German military authorities are assisting in every way possible in the handling of the relief supplies.

"I traveled over a considerable section of Belgium," said Mr. Scott, "everywhere was desolation and ruin. I saw that no attempt is being made to raise crops this year. In all my travels I saw but one attempt toward agriculture and that was in the form of a small plot of ground around her on either side were abandoned trenches and marks made in the earth by exploding shells. Belgium has but few men left who could attend to farming duties, and these few saw that they do not care to sow for an enemy to reap."

Mr. Scott will make a detailed report of his observations to the Belgian relief committee.

LAND SWINDLERS SENTENCED  
Court Refers to Burleson's Report of  
\$351,000,000 Mail Frauds.

NEW YORK, February 24.—Postmaster General Burleson's recent report that mail frauds had totaled the public of \$351,000,000 in five years figured in the sentencing yesterday of two swindlers, one of them a woman, convicted of using the mails fraudulently to sell barren land in New Jersey for town lots.

In imposing sentence the federal district court referred to the report and said that as a deterrent to others imprisonment rather than fines would be the sentence.

James Votannis, president of a realty company, was sentenced to serve concurrent terms of five years on each of nine counts to the indictment and Mrs. Rose Stack, a sales agent, three months imprisonment, concurrently, on each count.

WAR PICTORIAL SHOWS  
BATTLE-FRONT SCENESStar's Midweek Supplement, on Sale  
Today, Contains Illustrations  
of Live Interest.

Vivid pictures of actual battle-front scenes feature the midweek pictorial supplement of The Washington Star, which is on sale by all newsboys and at all newsstands throughout the city today. Just as this number was being prepared for the presses a fresh batch of the best pictures yet obtained from the front of the war in Europe was received, and by the new rotogravure process they were hurriedly reproduced. This week's issue probably establishes a record for popular distribution of the latest battle scenes within a few days after they were taken in the trenches.

German Battery "Snapped."  
A double-page illustration of a battery of German machine guns waiting for an assault from Russian troops at the battle of Darkehem, in Poland, is one of the most striking of more than a hundred pictures of the war in Europe.

The greatest war in history. This remarkable photograph gives an excellent idea of the disposition of the men and guns in action and the methods of building the trenches to insure the greatest protection from attack from the front and from enfilading fire.

Bringing in their wounded" is the picture, which is a pathetic picture of two French infantrymen carrying a wounded corporal from the trenches near Arras to the field ambulance after they have rendered first aid.

Life of Soldiers Shown.  
These are but examples of the scores of graphic views showing all sides of this great European conflict. There are pictures taken with the armies and among the refugees of all the nations embroiled. There are pictures of the great buildings that have been ruined or are in the path of conflict. There are human interest views of how the soldiers of all the armies are fed and how they live in the trenches and are cared for in the hospitals, many of them attended by American surgeons and nurses.

This pictorial magazine can be had from all newsboys and newsdealers or may be ordered direct from The Evening Star business office.

FILES SUIT FOR MAINTENANCE.  
Mrs. J. B. White Charges Southern  
Railway Employee With Assault.

Josephine B. White has filed suit for maintenance against Douglas A. White, an employee of the Southern railway and student of dentistry. She charges that he has treated her cruelly, and declares she is in fear of bodily harm from him.

They were married March 11, 1912, and the wife says she was compelled to leave her husband December 9, 1913, following an attack upon her when, she avers, he beat and choked her.

The wife says further that she was able to earn her own living until January 16 last, when, she says, she met with an accident on the street from which she has become permanently disabled.

Attorneys Toomey & Toomey represent the wife.
